FIRE SAFETY BULLETIN

TOP SEVEN FDNY TIPS

1

Installing and maintaining a smoke alarm will reduce your chances of dying in a fire in half. Install alarms on every floor and in bedrooms for extra protection.

Seventy percent of fire deaths occur in homes with an inoperable smoke alarm or no smoke alarm present. The majority of the deaths are children and older adults.

2

Never smoke while lying down, especially if you are drowsy, medicated, or have been drinking. Completely douse cigarette butts with water before discarding.

Smokers are seven times more likely than nonsmokers to have a fire in their home.

3

Store matches and lighters out of reach and sight of children. Provide close continuous supervision of children.

Child fire deaths are most often due to children playing with matches or utility lighters.

4

Stay in the kitchen while cooking and wear short or tight fitting sleeves.

Unattended cooking accounts for thirty-three percent of home fires.

5

Never use an extension cord with large current appliances such as a space heater, air conditioner or refrigerator.

Extension cords can cause home fires by overheating due to overloading the outlet.

6

Plan and practice a fire escape plan. Do not attempt to fight the fire yourself.

Get out and CLOSE THE DOOR. Call 911 from a safe location.

Smoke and fire kills! You may have less than three minutes to get to safety.

7

Never leave burning candles unattended.

Half of the people killed by candle fires in the home were younger than 20 years of age.

Fire Safety Logbooks

A new logbook must be started each calendar year

The Fire Code and the Rules of the City of New York outline the requirements for several logbooks to be maintained by Building Management. The Bureau of Fire Prevention has set guidelines for logbook record keeping. An inspection of the logbooks is performed annually by the New York City Fire Department Hi-Rise Unit.

Keep up-to-date log entries of required system inspections and tests to avoid violations.

Order your logbooks today at www.nyfiresafe.com/products Then tab LOGBOOKS.

Fire Alarm/Building Inspection Logbook \$78.00 plus Sales Tax \$6.92 Total \$84.92
